

DAILY DATA RISKS

The day in a life of **your** data

Your data is at risk everyday in the most **unsuspecting places.**

Supposedly **secure** wireless networks give criminals access to your data.

The information that we share online **provides criminals access** to pieces of data allowing them to defraud individuals and companies.

OMNI>FUND®

We keep data **Out Of Scope** and **100% in PCI Compliance** by exceeding the highest level of security standards.

With OmniFund there is **ZERO** private data exchanged and **ZERO** financial information exchanged.

Biometric Access

Cloud Security
